ISCC Synchronized Skaters Bring Home the Gold and Bronze from National Championship!

This past weekend, several ISCC skaters competed at the US Synchronized Skating Nationals hosted in Minneapolis at the University of Minnesota. These skaters have spent many years training at the International Skating Center and work under the direction of ISCC coaches Grace Johnson, Laura Lemoine & Garrett Brockert. They have developed their skating skills, starting at Learn to Skate many years ago at ISCC, to a level which allows them to compete in synchronized skating competitions at a national and international level. Their competitions have taken them to Sweden, France and Germany.

Several of these skaters represent Team Hayden's Novice division team and are proud to bring home a gold medal at this event. Additionally, two of our skaters represent the Team Hayden's Junior level team, which won the bronze medal.

Synchronized skating has grown in participant numbers over the last decade and is being considered as a sport for the 2014 Winter Olympics, This year, the World Synchronized Championships will be held in Colorado Springs, CO and we wish all of our ISCC skaters the best of luck!
